Introduction:

An **Adjective** is a word or set of words which describe a noun or pronoun. It tells us the quality of a person or thing which is represented by noun or pronoun.

Example: This is a **beautiful** garden.

Here 'beautiful' is an adjective which describes the quality of the noun 'garden'.
Adjective may also follow the word they modify.

Example: This garden **looks beautiful**.

An **Adverb** is a word or set of words which modifies words, adjectives or other adverbs. Adverb tells us how many, how much, how often, when, where, why, up to what extent, etc.

Following are some **Adverb Phrases** which will tell us special quality of a noun or pronoun in different forms.

Example:

She writes **slowly**. (This tells 'how' she writes)

She writes **very** slowly. (This tells 'how much' slowly)

The train will arrive **in an hour**. (This tells 'when' the train will arrive)

She remembered that **incident** quickly. (This tells 'in how much time' she remembered the incident)

Ram left the train **to avoid the trouble of rush**. (This tells 'why' Ram left the train)
