Not having a grip over a language that is commonly spoken, always puts you at a loss of words, even if you wish to talk or involve yourself in the ongoing conversation. It isn't fun to play a silent listener in a conversation that you have so much to talk about. Sit back and think "why"? Yes. The answer is the language bar that you haven't made an effort to cross. Think about it... Why should you be sitting around with so many things to say running through your head. Seems pretty torturous! Tiya: It is very liked by youngsters. The show is an old one yet it still holds its charm.

Tiya: Look, the show is based on six close friends, who have known each other since their school and college days. They all reside in one building but own their individual apartments. Overall, a light-headed, entertaining show that revolves around the events taking place in the lives of these six friends.

Ankita: Seems interesting...

Tiya: It really is, once you begin to start watching it, you happen to get hooked onto the show. The entire series works on the continuation of their life stories, drama, emotions, and celebrations.

Purnima: So, these six characters you keep mentioning... What are their names?

Tiya: Rachel, Ross, Monica, Chandler, Phoebe and Joey.

Amogh: I am definitely going to catch a glimpse of this show as soon as I get home. Sounds really engaging.

Tiya: It indeed is.
