When you start learning English you actually try to find many new methods that might help you to learn it faster. While doing so, you might come across some [general tips to improve English](#), such as, reading books, watching English movies, reading newspaper, writing blogs etc. English as a language has many components to learn, namely, grammar, sentence structure etc. Before you start writing, you must understand what words actually pair with each other. This makes it easy to maintain the flow of writing. Have you ever wondered what are these words called?

Collocations with HAVE & BREAK

These words are called as collocations. Let us know them in a better way. When a group of two or more words go together they are called collocations. A good way to learn collocations is to look at the words and try to match them. For a beginner, there are no specific rules to learn collocation. Since native speakers are good with their vocabulary, it makes them easy to combine words. In order to understand collocations, it is essential to read books.

Let's take some words and create collocations:
