Shopping... A hidden pleasure for all, irrespective of the gender! Isn't it always a great pleasure to gift yourself something grand and new, or something branded ? When it comes to purchasing a shirt for yourself, you have a picture in your head of how you would want your new purchase to look. You happen to develop a mental picture of which color, what sleeves (whether half or full), whether checks or a solid color. With all this already creating chaos, entering a shop, and looking for your ideal match can get a little difficult. The clutter of products might seem to block your vision and keep you away from the ideal pick. Only a sales person can come to your rescue !

How would you express to him your description of the perfect shirt in well-spoken English?

We have an example for you. Have a look:

Sales person: Hello Sir, How may I help you?

You: Good Evening! I'm looking for a formal shirt. Could you help me locate it?

Sales person: Follow me, Sir.

You: Sure. After you.

Sales person: This is our section of formal shirts. Could I assist you with anything else?

You: Yes please! I am on the lookout for a solid color, formal shirt, with full sleeves to go with my Navy Blue suit.

Sales person: Sure Sir. Is there any color that you've got in mind?

You: Well, I wouldn't mind it in a beige color.

Sales person: Here you go, Sir. There is a trial room to the extreme right of the shirts section.

You: I'll be right back. Thank you.

A few moments later...

You: I'll take this one for sure. Could you also suggest me another color to go with a black suit?

Sales person: Here you go, Sir. For all business meets and other occasions, this mauve color, crisp shirt with your black suit will be the perfect blend of sophistication and classiness.

You: Sure. I will take this one too. Could I have both of them please?

Sales person: The billing counter is around the shoe section, Sir. Thank you!

You: Thank you for your service. Much appreciated!

Wasn't that easy? It's all about the words you choose and your English speaking fluency. It is important to [learn fluent English](#) as simple English speaking and practice will [improve your English speaking](#) fluency and eventually contribute in improving your English communication skills prepping you thoroughly in the English language.
