You have landed at Heathrow airport in London, UK, and after showing your requisite papers, you have been asked to fill up an immigration form. Filling up the form accurately and in good English vocabulary is important for a smooth immigration procedure. In case of doubts, ask the counter officer for clarifications. Let your immigration form portray accuracy to ensure a smooth passage through the procedures. Below are a few things to keep in mind while filling up an immigration form.

Things To Keep In Mind

1. Legible handwriting

Immigration forms are to be filled by hand and in a legible handwriting, preferably in capital letters. Ensure that you write clear words that are visible and readable. Scribbling in your immigration form can lead to your form being rejected and other problems as well. To save time and to avoid hassles, use a good pen to write neatly and in proper handwriting.

2. Give accurate information

Ensure that you give honest and accurate information in your immigration form. Scrutiny of immigration forms is very strict today and any discrepancy in the information provided can lead to legal problems and even deportation. Make sure that you have the required documents to support your information.
